Profile Summary

AI professional with 5+ years of experience in research, writing, and analysis, including two years of training and testing LLMs at Amazon and Turing. Proven ability to write complex system prompts, scope AI features, and tool-calling workflows for diverse use cases. With hands-on experience supporting AI data pipelines. Proficient in GenAI tools and technical skills like Python, SQL and Excel. Currently seeking opportunities in the AI domain and open to relocation.

Skills

- LLM Evaluation
- Power BI & Excel
- Adversarial Prompting
- Prompt Engineering
- Python
- SQL

Experience

TURING – AI Analyst **–** *(Remote)* December 2025 – July, 2026

- Applied **prompt engineering techniques** to write 150+ realistic problem statements within the psychology and social sciences domain, for stress-testing advanced LLMs including ChatGPT and Gemini against set scoring guidelines
- Selected as a verifier within one week and reviewed 8-10 tasks a day, **flagged logical gaps and hallucinations** and gave contributors written feedback, sustaining a 95% accuracy score
- Documented model inaccuracies and failure patterns, communicating findings to stakeholders through **project summaries and dashboards** to support training and workflow improvements

AMAZON– AI Content Writer**–** *Hyderabad, India* September 2024 - December 2025

- Built **adversarial prompts and gold-standard responses** with chain-of-thought reasoning across 20+ multimodal workflows and five domains, improving Nova base-model quality.
- Delivered test content for benchmarks including MMLU, IF, CharXiv and Tau Bench (tool calling), supporting the **Nova LLM's pre-training pipeline.**
- Served as UAT verifier for all Nova pilot workflows and as workflow SME, working with language engineers and data scientists to turn requirements into quality checks.
- **Coached a team of 8 content experts**, providing support and training on AI data annotation workflows, reducing onboarding time in half and maintaining overall quality across the team

JENNY WANG– Content Writer **–** *(Remote)* January 2023 - October 2023

- Contributed as a freelance writer for a relationship coach on two projects over an eight-month period
- Edited and proofread a book on relationship theory and formulated written scripts for an eight-part online course totaling 30,000 words

RAFAEL ELIASSEN INC– Head Content Writer**–** *(Remote)* June 2018 - October 2021

- Published articles across two online platforms such as Medium and Quora
- Acquired a cumulative readership exceeding 55 million
- Crafted and implemented a content strategy focused on psychology, self-help, and entrepreneurship; boosted social media conversions by 20% and grew readership by 400% within 6 months
